

Consolidating, **EVERYTHING** that matters

We use our knowledge to help your company choose the most efficient and reliable type of transport to ship your cargo. We study your cargo, its destination, and any other considerations you may have, ensuring not only the best price but also safety.

Kingship Line Brasil

www.kingshipline.com

We are an LCL maritime cargo consolidator

Formed by professionals with vast experience in international logistics, we offer competitive services of multimodal transport in the import and export of several origins and different destinations in the 5 continents, through global coverage of agents, guaranteeing service with the best quality standard, during all stages of the processes.

Consolidating

PARTNERSHIPS

RESPECT

EXPERIENCE

SUCCESS

KingShip Line is committed to the success of each shipment and works to establish the best communication flow throughout the process, recognizing that the main challenge of every service provider is to achieve the best rapport between the standardization of procedures in the service.

LCL

We operate using the concept of grouping smaller loads into a single, larger volume, which brings advantages over the transport of loose loads. Consolidation of loads from different origins to different destinations. Regular customs transit service for import and export cargo (DTA).

FCL

We offer our customers a complementary service through the best contracts, providing logistics solutions and competitive rates.

AIR

For customers who demand a quick and agile service, we offer air transport agency services for import and export. Competitive freight through weekly consolidations from strategic points around the world.
